Uniport announces a new campaign to fight the recession **“Equip yourself for the Recession”**.

The upcoming recession dictates enterprises to evaluate their business differently; their major concerns are how to save money in order to sustain the business. Uniport offers perfect IT solutions to help save money and increase efficiency – This is a good answer for the upcoming recession!

“Our Fax server helps saving print consumables and increases employee efficiency. The Print management system saves 30% in print consumables, and our SMS server saves long telephone calls and precious employee time” says Moshe Brown Uniport CEO. “Our goal is to help organizations increase their efficiency, and to save money, and our solutions do it perfectly” adds Brown.

Uniport decided to help organizations fight the upcoming recession, and announces this campaign **“Equip Yourself for the Recession”**.

Uniport will be offering a bundle of its solutions in attractive prices. Customer can buy from one to three solutions in a bundle and get a good deal. Uniport existing customers around the world will get an incentive to buy additional products for attractive prices as well.

Brown adds that Uniport is also a contributor to earth by helping save 75 Acres of forest every year. “FAXport serves millions of users around the world and by using FAXport they save 10,000 tons of paper every year. The meaning is saving 75 Acres of forest per year” adds Brown.
